SCP-BROADCAST

FADE IN:

INT. BRIEFING ROOM - DAY

Dark meeting room with a projector. Folding chairs and tables arranged neatly in rows. Projector sits in the middle of the room displaying the SCP logo on it. Slide displays a picture of an old castle compound.

AVA (Female, muscular, stern) Walks down the main aisle stands at the front of the room.

AVA (slight shout)

Alight gentlemen listen up! (calm, slow speaking) (emphasis on highly)

I highly suggest you all pay attention.

Ava switches to a slide containing a mugshot of Richard Smith. Slide also contains personal information such as DOB, Blood Type, Family, Place of residence, and more.

AVA (CONT'D)

For this operation Points

(pause)

AVA (CONT'D)

Your main target is a man by the name of Doctor Richard Smith. Some of you may be familiar with the name based on some of your prior assignments.

(pause)

Projector audibly clicks and changes slides to images of leaked documents and photos of when he was with the foundation before his departure.

AVA (CONT'D)

Dr. Richard Smith has been responsible for the leaking of various confidential files and personal information against many of the members of the SCP foundation.

AVA (V.O.)

As some of you may know, Dr. Smith served with us as one of our lead research analysts until he decided to go rogue upon the upbringing of the New Transcendentalists.

Changes slide again to image of Transcendentalists logo and images from Overlord operation.

AVA

The leader of the New Transcendentalists was recently deposed thanks to the help of Epsilon 6.

(pause)

For the past six months Dr. Smith has been radio silent and has remained in hiding.

Changes slide to images of a radio tower and a map of Massachusetts with its counties on it.

AVA (CONT'D)

However, in the last few weeks our analysts have noticed a pattern in UHF radio frequencies being broadcasted from a location in the Plymouth County area.

(beat)

We believe that this could potentially be Dr. Smith breaking his radio silence after being in hiding.

Slide changes to mug shot of him, radio tower and his supposed hiding spot/compound.

AVA (CONT'D)

What this means is that Dr. Smith has been leaking classified and confidential files and broadcasts through a private radio frequency. He still is in possession of a significant amount of intelligence and knowledge pertaining to the foundation.

(pause)

Your mission is to find Dr. Smith and seize this information and stop the leaks by all means necessary. I will now turn this over to Maverick for the intel briefing.

Slide then changes to the overhead map of AO. Contains global screenshot of compound and perimeter area.

MAVERICK (Late 20's, slim build, white, second in command) stands up from the table and walks to the front of the room. Stands to the right of the slide presentation.

MAVERICK

We will be operating in a 5 square mile area. The main castle compound, which is where we believe the doctor is currently hiding, is located here.

Points to map of where the location is.

MAVERICK (CONT'D)

Potential hostile forces are highly likely in the Delta and Echo sectors. We expect that they may be conducting routine and regular patrols around this area to ensure security. Expect heavy and well-armed resistance when entering the compound.

Slide changes to picture of resistance force

MAVERICK (V.O.)

We do not know who they are or where they're from but what we do know is they are well trained, well paid, and well-armed.

(pause)

"T" will give you details for the plan of execution.

Maverick gestures to T (Tall, athletic cut, Asian, team leader) to approach the front.

Projector switches to overhead map of AO. Grid overlay with coordinates.

Maverick steps O.S. as T comes to the front of the room.

T

For this operation we'll be operating in two, four-man teams.

(beat)

Myself, Grug, Riley and Montego in one, the other 3 are with Maverick.

(beat)

T (CONT'D)

For infil, we will be using a low-profile vehicles, civilian jeeps, and pickups. We will be driving to the perimeter of the property at sector Alpha 02 then do the rest by foot.

Points to map while giving directions.

T (V.O.)

Once we're at the Alpha checkpoint both teams will dismount and move Southeast through the woods line to checkpoint Delta 04 on foot. Once we reach the checkpoint, we'll be redirecting Northeast to Echo 03.

Points to map

T

Be advised from Delta 04 to Echo 03 you can expect the potential for enemy contact.

Points

T (CONT'D)

Once Echo 03 is clear we will continue to move towards the main compound.

Points

T (CONT'D)

We don't have the exact location of Dr. Smith at this time, but we suspect he's held up somewhere within the compound's limits.

Slide changes to overhead map of just the compound

T (CONT'D)

Once we reach the compound's limits, Team 2 will break off and begin clearing the bottom floor of the compound's north wall. Team 1 will take the top floor of the compound's north walls.

Everyone nods their heads in approval.

T (CONT'D)

Once Team 1 and 2 have cleared their prospective floors. Team 2 will regroup with team 1 to assist with the clearing of the middle of the compound.

Slide changes to show the rules of engagement.

T (CONT'D)

Your rules of engagement are as follows.  
Slide lists all rules of engagement.

T (V.O.)

Are there any questions?

INT. GARAGE - DAY

Operators walk to the vehicles in the garage, loaded up and ready to go. They climb into the vehicles.

EXT. FOUNDATION BUILDING - DAY

Truck engine and headlights turns on and they pull forward and drive down the road.

MAIN TITLE: "SCP: BROADCAST"

FADE OUT.

**END OF PROLOGUE**
